

All Roads Lead To The Sea (Section #13 Fence #14 Strip and Finishing)

Pattern by Country Creations

Note: Fabrics will be different than fabrics in your package. I recommend doing a fabric key in the colors you are using.

Congratulations you have made it to the end!!

Section #13 (Fence)

On this one you have options. You can either cut all the pieces or do strips.

If you want to piece it, you will need Fence pieces (16) $4\frac{1}{2} \times 1\frac{1}{2}$ and (30) $1\frac{1}{2} \times 3\frac{1}{2}$ and Background pieces (30) $1 \times 3\frac{1}{2}$ and (15) $1\frac{1}{2} \times 3\frac{1}{2}$. Piece together as shown.

I chose the alternative method of making strip sets. For this method, you will make 3 sets using the longest side or WOF of Background 1 inch, Fence $1\frac{1}{2}$ inch, Background $1\frac{1}{2}$ inch, Fence $1\frac{1}{2}$ inch and Background 1 inch.

Subcut the strip set at $3\frac{1}{2}$ inches. Make 15 subcuts. Sew fence post between each subset and on ends. Set aside for quilt assembly.

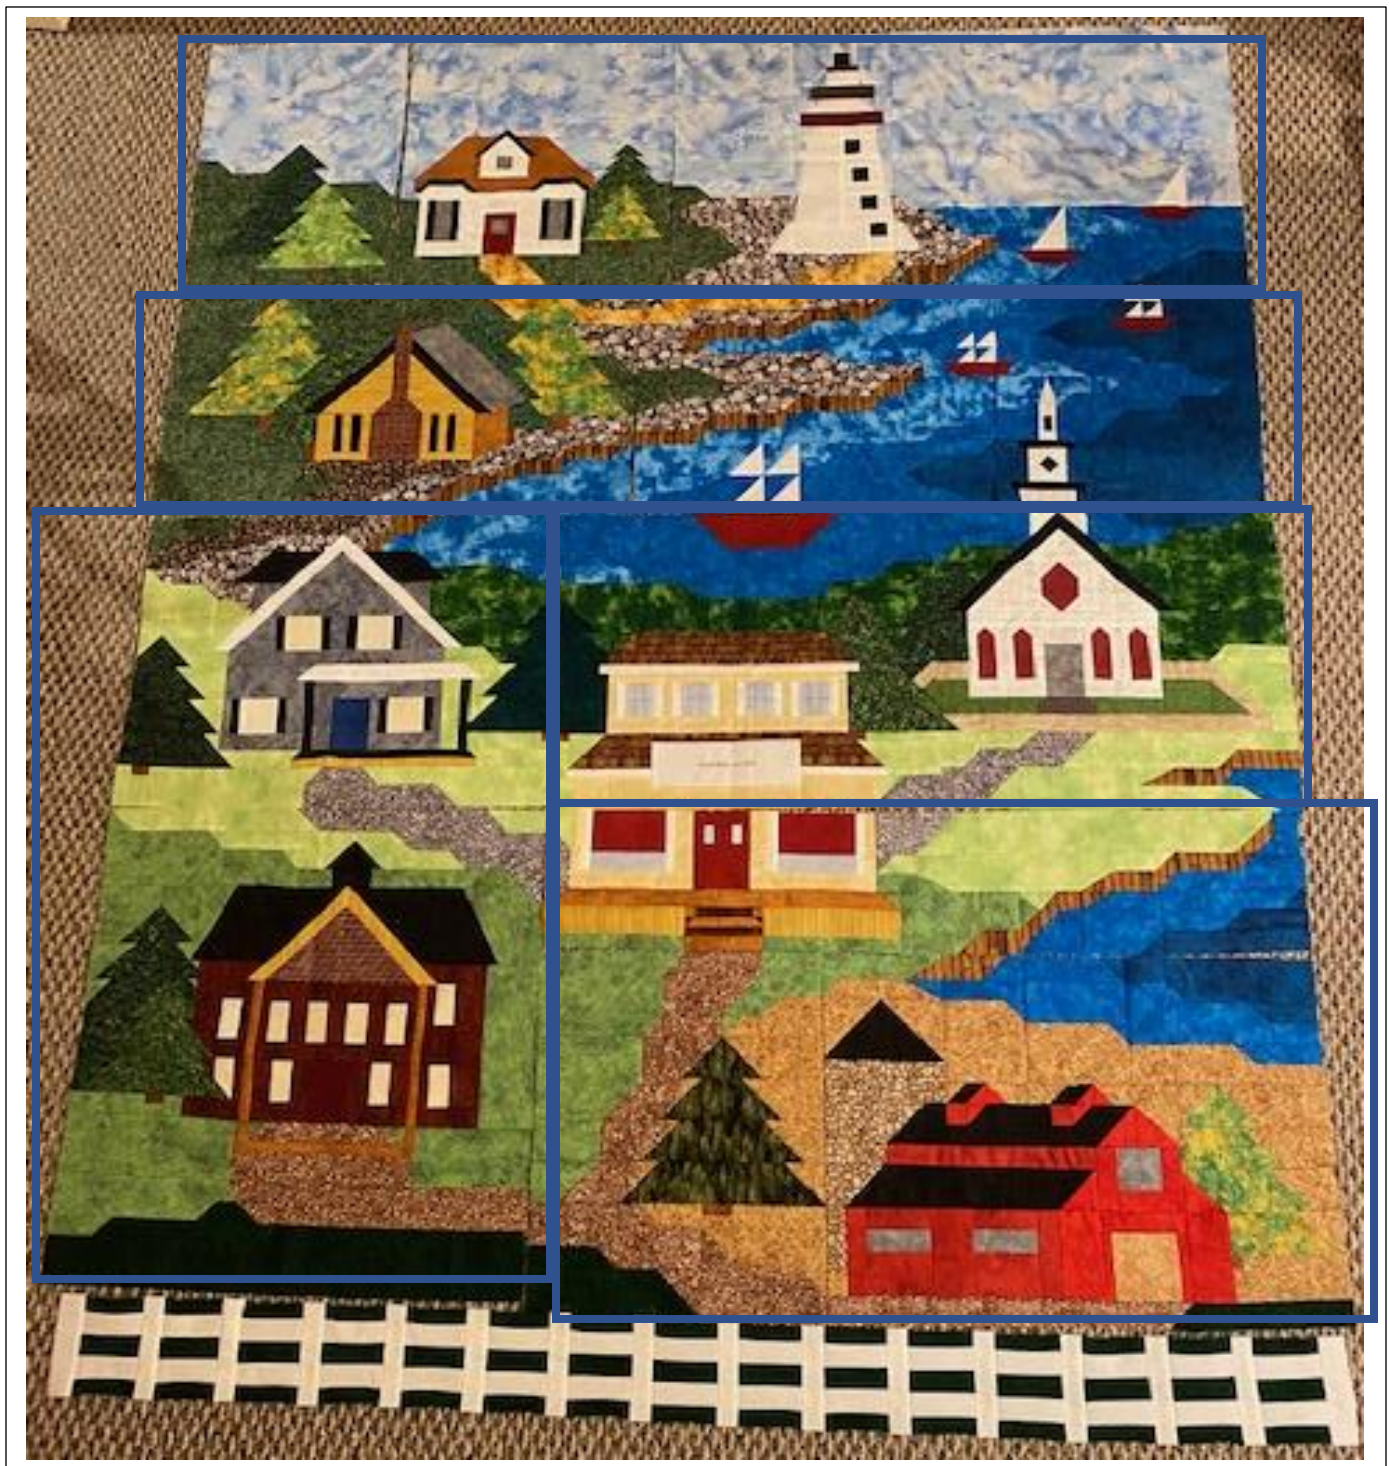

Section#14 (Dark Grass same as background to fence)

Cut $2\frac{1}{2} \times 61\frac{1}{2}$ and set aside for quilt assembly.

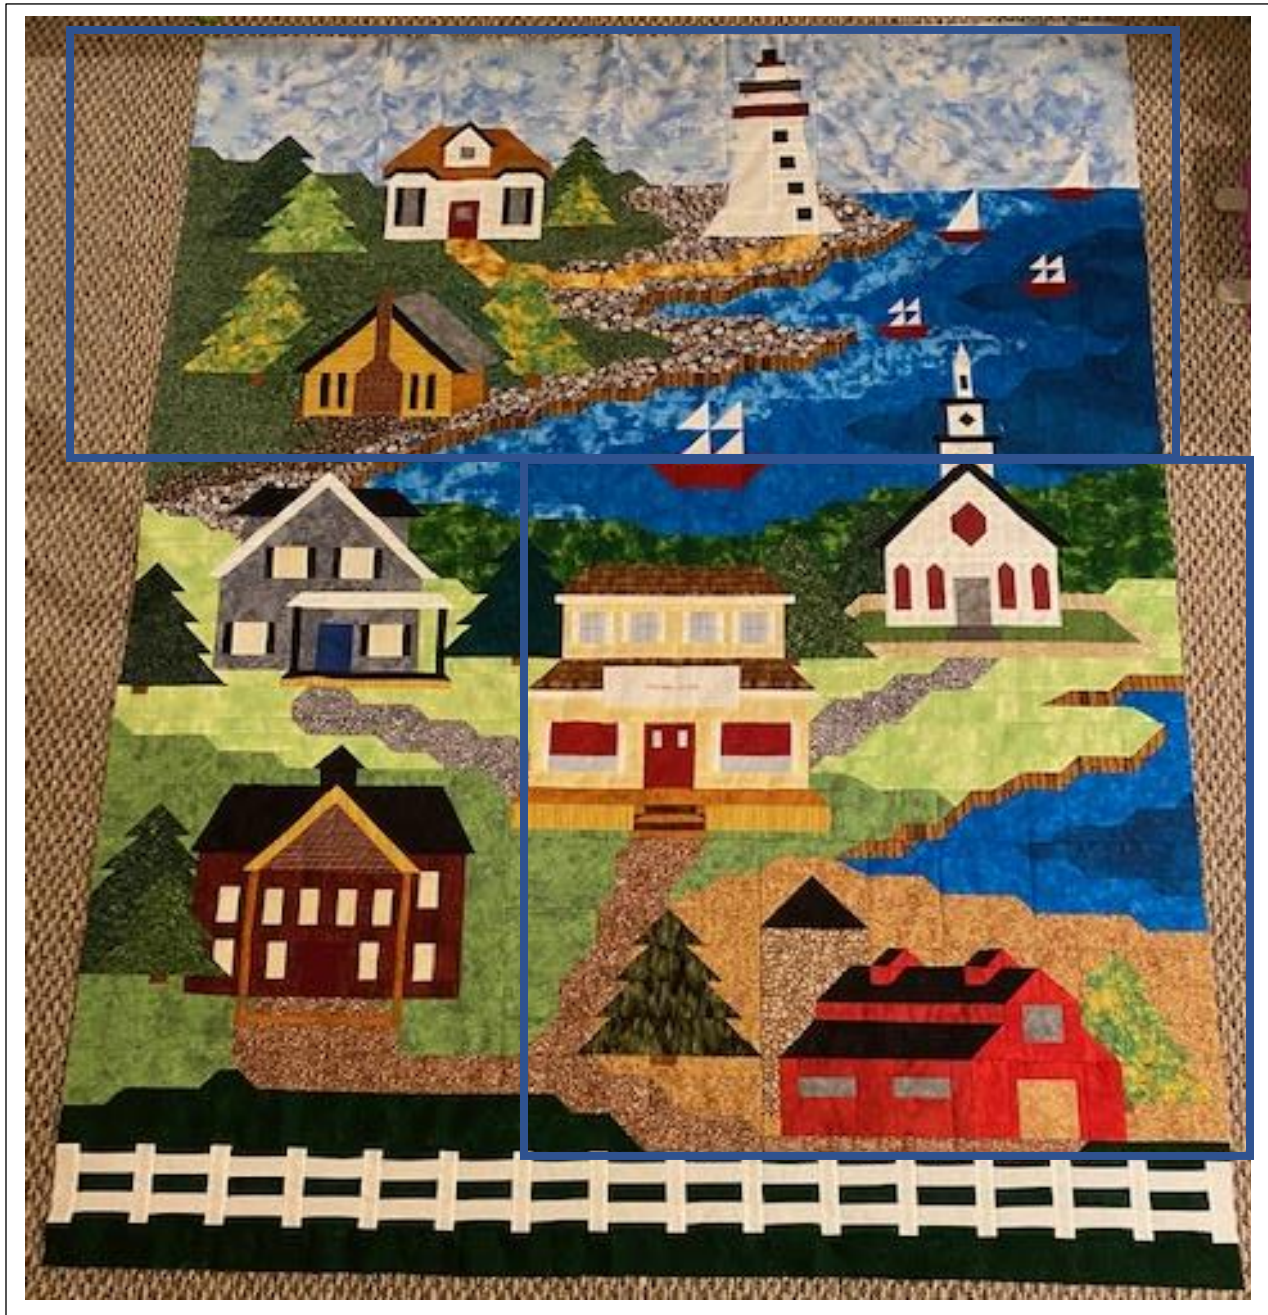

Quilt Assembly:

1. Sew Block 1 (Trees), Block 2 (Cottage) and Block 3 (Lighthouse) together.
 2. Sew Block 4 (Cabin), Block 5 (Sea Edge) and Block 6 (Ocean / Top of Church) together.
 3. Sew 7 (House) to Block 10 (Schoolhouse) together.
 4. Sew Block 8 (Top of General Store) to Block 9 (Church).
 5. Sew Block 11 (Bottom of General Store) to Block 12 (Barn).
- See picture. Each step shown in boxes.

Next you will be combining the blocks as follows:

1. Top row to second row.
2. Top of General Store/Church to Bottom of General Store/Barn.

1. Add the Schoolhouse Section to the General Store/Church/Barn Section.
2. Take the section from step 1 and combine it with the top part of the quilt (Cottage/Lighthouse/Cabin)
3. Take step 2 and add Section #13 (Fence) and Section #14 (Dark Grass – Background to Fence).

Borders:

Note: Page 8 of the pattern states the quilt is 61" x 72" Before Borders. That is the projected size without Sections 13 and 14.

Since all quilts come out slightly off, I would suggest measuring the ends and middle and take the average. The length I cut the inner and outer border may be slightly different depending on exact size of your quilt.

Inner Border:

1. Cut (8) strips 2 ½ for the inner border.

I started with the sides and I got 78 ½ for the sides and then I finished with the top and bottom. That measured to be 65 ½ on my quilt. **Please measure your quilt to find the length you need to make your strips.**

Outer Border:

1. Cut (4) strips 7" lengthwise for the sides, top and bottom of outer border.
2. I started with the sides and I got 82 ½ for the sides and then I finished with the top and bottom. That measured to be 78 ½ on my quilt. **Please measure your quilt to find the length you need to make your strips.**

This top is now ready to be quilted as desired!

Final Quilt Top for All Roads Lead to the Sea
