## All Roads Lead To The Sea (Section \#7 House)

## Pattern by Country Creations

Note: Fabrics will be different then fabrics in your package. I recommend doing a fabric key in the colors you are using.

I like to cut my fabric out by color. You can follow the pattern and cut out as you work on a section or if you want to cut all at once, here is the breakdown (* denotes suggested cut first):

My kit has two different fabrics for Foreground \#1 and two different fabrics for Seashore \#1. A mistake I made was picking up the wrong Seashore \#1 fabric. I highly recommend placing all pieces on a design board and review fabric placement.

Should be Seashore \#1 fabric for right side of

Note: I picked up the wrong Seashore \#1 fabric. Make sure you pick up the correct fabric for your block. I started with the more complicated blocks on top row.

For left side of middle peak, sew $11 / 2 \times 41 / 2$ Seashore \#1 with 2 $1 / 2 \times 41 / 2$ Roof; then add 45 corner with trim $31 / 2 \times 31 / 2$; and then $21 / 2 \times 21 / 2$ house.

Fokblock with walkway, trim, seashore $1 \& 2$ and ocean, take Seashore $1,2 \frac{1}{2} \times 31 / 2$ and add 45 corner seashore $2,21 / 2 \times 2$ $1 / 2$; then add 45 corner $1 \frac{1}{2} \times 1 \frac{1}{2}$ of ocean, walkway and trim as shown ondiagram.

For roof/ocean block, take Ocean $1 \frac{1}{2} \times 2 \frac{1}{2}$ to Seashore $1 \frac{1}{2} \times 21 / 2$ and this pieced block will turn into the 45 corner to Roof $21 / 2 \times 31 / 2$. If seashore is different on right side of house, use seashore for the right side of house.

The third row only has 45 degree corners and then it is just adding pieces to the 4 sections as described below.

1. Draw diagonal line for 45 degree corners
2. Sew on the diagonal line and trim $1 / 4$ " on side closest to corner
3. From right section, sew $1 \times 1$ tree truck and foreground and then sew to foreground 1 $1 / 2 \times 4$
4. For the section to the furthest left and right, once the row is complete with the 45 degree corner, sew the 3 (left)/4(right) rows together.
5. For the section next to the furthest left, the $2^{\text {nd }}$ row will be House $21 / 2 \times 1$; trim $21 / 2 x$ 1 ; window $21 / 2 \times 21 / 2$; trim $21 / 2$ $x 1$; and house $21 / 2 \times 1$. Once that row is completed, combine with the remaining rows.
6. For portion section, sew house $41 / 2 \times 1$ to trim $41 / 2 \times 1$; sew house $31 / 2 \times 11 / 2$ to door 3 $1 / 2 \times 2 \times 1 / 2$; sew house $21 / 2 \times 1$, trim $21 / 2 \times 1$, window $21 / 2 \times 2$ $1 / 2$, trim $21 / 2 \times 1$ and house $21 / 2$ x 1 all together as shown; sew (vertically) foreground 2 $1 / 2 \times 1$, pieced $11 / 2 \times 1$ and foreground $1 \frac{1}{2} \times 1$. This piece will be combined with trim 4 $1 / 2 \times 1$ and foreground $41 / 2 \times 1$ $1 / 2$.
7. Combine window piece to house $11 / 2 \times 41 / 2$
8. Combine 7 to door piece
9. Combine 8 to house $11 / 2 \times 71 / 2$
10. Combine 9 to foreground piece on right and house/trim piece on left
11. Sew 10 to top porch and lower porch piece
12. Combine Tree Truck $1 \times 1 / 2$ to Foreground $2 \times 1 ½$.
13. Draw diagonal lines on 45 degree corners. Sew on line and trim.
14. Combine blocks as shown below.

Combine the 4 rows to create Section 7 (House) Block

Final Section 7 (House Block)
