**All Roads Lead To The Sea (Section #8 General Store)**

Pattern by Country Creations

<mark>Note: Fabrics will be different then fabrics in your package. I recommend doing a fabric key in the colors you are using.</mark>

I like to cut my fabric out by color. You can follow the pattern and cut out as you work on a section or if you want to cut all at once, here is the breakdown (* denotes suggested cut first):
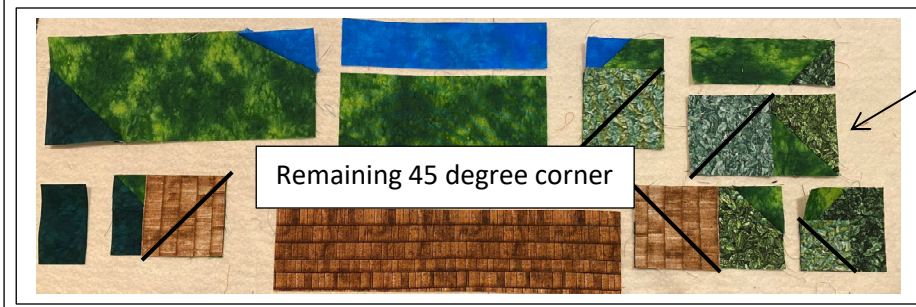

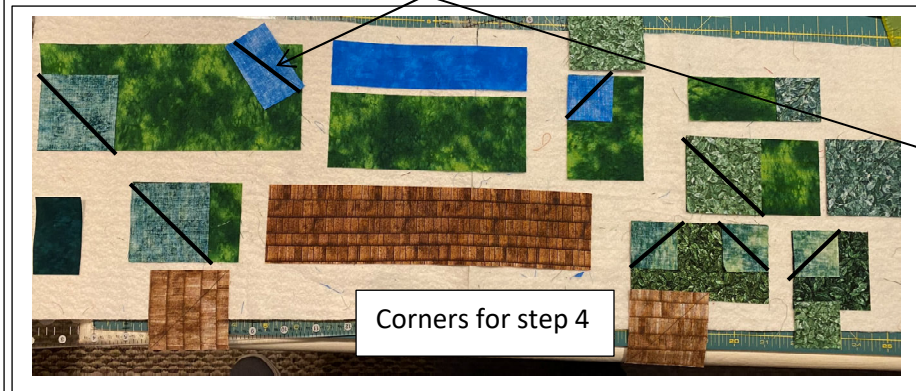

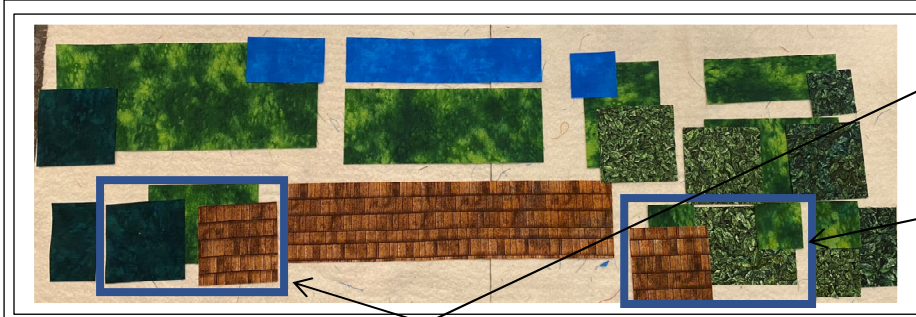

Medium Ocean

4 ½ x 6 ½*

4 ½ x 5 ½*

2 ½ x 4 ½

3 ½ x 3 ½

3 ½ x 2 ½

1 ½ x 6 ½

1 ½ x 2 ½

45 degree

Stitch line

First Section:

1. These are 45 degree angles. Draw line from corner to corner.
2. This one is a 60 degree corner. Offset 1/8" as shown.
3. Draw 45 degree lines and 60 degree lines
4. Sew on line and trim.
5. Sew 3 ½ x 3 ½ medium ocean to 1 ½ x 3 ½ light ocean together.
6. Sew boat 2 ½ x 4 ½ to medium ocean 2 ½ x 4 ½ together.
7. Sew medium ocean 3 ½ x 2 ½ to seashore 1 ½ x 2 ½ together.
8. Sew the blocks together.

Finished Top Section

Corners for step 4

Remaining 45 degree corner
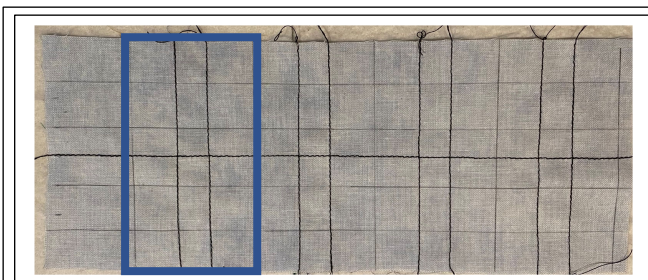

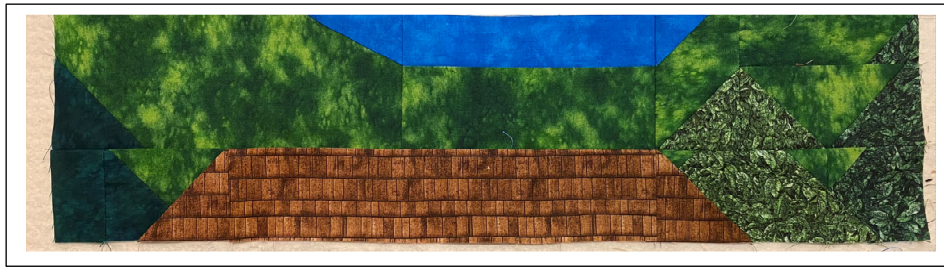

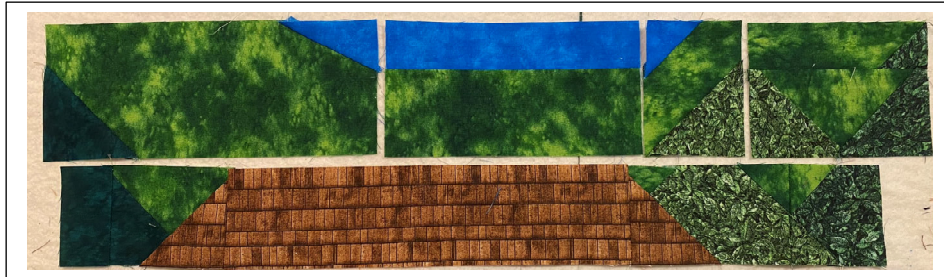

1. This is a 60 degree corner.
2. This block has to go in order. The 2 top seashore 1 ½ x 1 ½ blocks have to be added to the corners before adding the roof 2 ½ x 2 ½.
3. This block also has to go in order. Add the tree 2 ½ x 2 ½ before adding roof 2 ½ x 2 ½
4. Do the 60 degree corners and 45 degree corners marked. Only some are marked due to some of the blocks requiring a certain order when adding corners.
5. Do the rest of the 45 degree corners shown.
6. This block is flipped in picture. It should look like a flying geese block. Left 2 ½ x 2 ½ is from the tree to right of store and right side is tree by church.

1. Sew medium ocean 1 ½ x 6 ½ to seashore 2 ½ x 6 ½
2. Sew seashore 1 ½ x 4 ½ to seashore 2 ½ x 4 ½ with 45 degree corners
3. Set blocks into order shown
4. Combine rows to complete section.

1. For the windows, I used a marking pencils on wrong side to measure out the grid. There is ¾" from edge to first line, then 1" width between the two lines. I trimmed right before I used them to avoid edges becoming loose.
2. "General Store" was programmed into my machine. This could be handwritten with permanent ink if preferred.

GENERAL STORE

Close up of these blocks

1. For the highlighted block, take a 2 ½ x 2 ½ tree (next to church) and 2 ½ x 2 ½ church fence and make a diagonal line. Sew on that line and trim. Then add 1 ½ x 1 ½ grass around church to bottom right. After completing this, you will take a 2 ½ x 2 ½ tree (right side of store) and draw a diagonal line as shown. Sew and trim. Pay attention to the angles shown.

2. Sew store, shutter and windows as shown.

3. Add store 1 x 13 ½ above step 2 and 1 ½ x 13 ½ store below step 2.

4. Add tree block to right and left as shown to step 3.

5. Add top strip to step 4.

6. Sew blocks shown together.

7. Add step 5 to rest of the block.

8. This completes the third section.

1. Sew roof above and house below sign block.
2. Sew tree trunk 1 x 1 ½ to foreground 1 x 4.
3. Sew step 2 to foreground 2 x 5.
4. Add tree 2 ½ x 2 ½ to left side of step 3. Draw a diagonal line as shown and sew to create 45 degree corner.
5. Draw diagonal line and sew on line shown.

6. Sew blocks together as shown combining into groups.

Finished row for the bottom section.

Sew the rows together as shown.

Final Block for the General Store is below.
