

## Boho Heart by Jen Kingwell

## Month 14

## General Tips:

1. When following the book, an accurate  $\frac{1}{4}$ " seam is needed. Check you seams to make sure they are  $\frac{1}{4}$ " and if the  $\frac{1}{4}$ " is off, adjust before proceeding. Also be careful to make accurate diagonal cuts when instructed.
2. If you follow the instructions in the book, you are cutting on a bias edge. I suggest using starch to reduce the stretching.
3. Some of the fabrics had more shrinkage than others so I suggest preshrinking all the fabric. I do this by spraying the fabric completely with Best Press or your preferred brand but you could also use water. I use Best Press since it also helps with the bias edges.
