Month 4

General Tips:

1. When following the book, an accurate $\frac{1}{4}$ " seam is needed. Check you seams to make sure they are $\frac{1}{4}$ " and if the $\frac{1}{4}$ " is off, adjust before proceeding. Also be careful to make accurate diagonal cuts when instructed.
2. If you follow the instructions in the book, you are cutting on a bias edge. I suggest using starch to reduce the stretching.
3. Some of the fabrics had more shrinkage than others so I suggest preshrinking all the fabric. I do this by spraying the fabric completely with Best Press or your preferred brand but you could also use water. I use Best Press since it also helps with the bias edges.

You will need a piece $2\frac{1}{2}$ " x $8\frac{1}{2}$ ". To get this, I cut one $1\frac{1}{2}$ " strip off of strip 5 and cut the $11\frac{1}{2}$ " piece first before trimming down to $1\frac{1}{2}$ ".

1. Place the pieces as shown for the right side of Section 1.
2. Sew the (2) $5\frac{1}{2}$ " background strips together and the (4) $3\frac{1}{2}$ " background strips together.
3. Sew the $5\frac{1}{2}$ " to the 2" mini circle and the $3\frac{1}{2}$ " strips to the 4" pinwheel.
4. Sew the 2 sections created in step 3 together.
5. Sew the section from step 4, to the 6" "X" block and the 6" Churn Dash.
